

SAFETY DATA SHEET

Version #: 03 Issue date: 31-Jul-2023 Revision date: 02-May-2024 Supersedes date: 06-Sep-2023

SECTION 1: Identification of the substance/mixture and of the company/undertaking

Important information	*** This Safety Data Sheet is only authorised for use by HP for HP Original products. Any unauthorised use of this Safety Data Sheet is strictly prohibited and may result in legal action being taken by HP. ***		
1.1. Product identifier			
Trade name or designation of the mixture	8Q534Series		
Registration number	-		
UFI:	S82G-2EU1-100P-AG8Q		
Synonyms	None.		
1.2. Relevant identified uses of	the substance or mixture and uses advised against		
Identified uses	Inkjet printing		
Uses advised against	None known.		
1.3. Details of the supplier of the	e safety data sheet		
	HP Deutschland GmbH		
	Herrenberger Strasse 140		
	71034 Böblingen		
	Germany		
Telephone	+ 49 7031 - 450 7000		
HP Inc. health effects line			
(Toll-free within the US)	1-800-457-4209		
(Direct)	1-760-710-0048		
HP Inc. Customer Care Line			
(Toll-free within the US)	1-800-474-6836		
(Direct)	1-208-323-2551		
Email:	sustainability@hp.com		
1.4 Emergency telephone number	+1 760 476 3961 Access code 9519		
SECTION 2: Hazards iden	tification		
2.1. Classification of the substa	nce or mixture		
Classification according to Reg	ulation (EC) No 1272/2008 as amended		
Health hazards Skin sensitization	Category 1	H317 - May cause an allergic skin reaction.	
2.2. Label elements			
Label according to Regulation (EC) No. 1272/2008 as amended		
Contains:	1,2-Benzisothiazolin-3-one (Benzisothiazolinone), 2-Methyl-2h (Methylisothiazolinone)	n-isothiazol-3-one	
Hazard pictograms	$\langle \cdot \rangle$		

Signal word Hazard statements H317 Warning

May cause an allergic skin reaction.

Material name: 8Q534Series

Precautionary statements

Prevention	
P261 P280	Avoid breathing dust/fume/gas/mist/vapors/spray. Wear protective gloves/protective clothing/eye protection/face protection.
Response	
P302 + P352 P333 + P313 P362 + P364	IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse.
Storage	Not available.
Disposal	
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.
Supplemental label information	None.
2.3. Other hazards	Complete toxicity data are not available for this specific formulation.
	Potential routes of overexposure to this product are skin and eye contact. Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions.
	None of the components present in this formulation at concentrations equal to or greater than 0.1% are listed by EU, MAK, IARC, NTP or OSHA.
	Endocrine disrupting properties (Toxicity/Ecotoxicity): This mixture does not contain known components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels above possible trace contaminate levels.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

General information

Chemical name	%	CAS-No. / EC No.	REACH Registration No.	Index No.	Notes

Specific Concentration	h Limits: Skin Sens	. 1A;H317: C ≥ 0.002	%		
Composition comments	comments This ink supply contains an aqueous ink formulation.				
Carbon black is present only in a bound form in this preparation.					

SECTION 4: First aid measures

General information	Not available.
4.1. Description of first aid meas	sures
Inhalation	Move to fresh air. If symptoms persist, get medical attention.
Skin contact	Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.
Eye contact	Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention.
Ingestion	If ingestion of a large amount does occur, seek medical attention.
4.2. Most important symptoms and effects, both acute and delayed	Not available.
4.3. Indication of any immediate medical attention and special treatment needed	Not available.

SECTION 5: Firefighting measures

SECTION 6: Accidental re	-
Specific methods	None established.
Special fire fighting procedures	Not available.
Special protective equipment for firefighters	Not available.
5.3. Advice for firefighters	
5.2. Special hazards arising from the substance or mixture	Not available.
Unsuitable extinguishing media	None known.
Suitable extinguishing media	Dry chemical, CO2, water spray or regular foam.
5.1. Extinguishing media	
General fire hazards	Not available.

6.1. Personal precautions, protect	ctive equipment and emergency procedures	
For non-emergency personnel	Wear appropriate personal protective equipment.	
For emergency responders	Not available.	
6.2. Environmental precautions	Do not let product enter drains. Do not flush into surface water or sanitary sewer system.	
6.3. Methods and material for containment and cleaning up	Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps.	
6.4. Reference to other sections	For waste disposal, see section 13 of the SDS.	

SECTION 7: Handling and storage

7.1. Precautions for safe handling	Avoid contact with skin, eyes and clothing.
7.2. Conditions for safe storage, including any incompatibilities	Keep out of the reach of children. Keep away from excessive heat or cold.
7.3. Specific end use(s)	Not available.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters	
Occupational exposure limits	No exposure limits noted for ingredient(s).
Biological limit values	No biological exposure limits noted for the ingredient(s).
Recommended monitoring procedures	Not available.
Derived no effect levels (DNELs)	Not available.
Predicted no effect concentrations (PNECs)	Not available.
Exposure guidelines	Exposure limits have not been established for this product.
8.2. Exposure controls	
Appropriate engineering controls	Use in a well ventilated area.
Individual protection measures, s	such as personal protective equipment
General information	Use personal protective equipment to minimize exposure to skin and eye.
Eye/face protection	Not available.
Skin protection	
- Hand protection	Not available.
- Other	Not available.
Respiratory protection	Not available.
Thermal hazards	Not available.
Hygiene measures	Handle in accordance with good industrial hygiene and safety practice.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

3.1. Information on basic physic	
Physical state	Liquid.
Color	Black.
Odor	Not available.
Melting point/freezing point	Not available.
Boiling point or initial boiling point and boiling range	Not available.
Flammability	Not available.
Flash point	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
рН	Not available.
Kinematic viscosity	Not available.
Solubility	
Solubility (water)	Not available.
Partition coefficient (n-octanol/water) (log value)	Not available.
Vapor density	Not available.
Density and/or relative density	
Density	1.04 g/ml
Napor density	Not available.
Particle characteristics	Not available.
Explosive properties	Not available.
Oxidizing properties	Not determined
9.2. Other information	
9.2.1. Information with regard to physical hazard classes	No relevant additional information available.
9.2.2. Other safety characteristics	VOC according to Directive 2010/75/EU: <2 g/L
VOC	129 g/I US EPA Method 24

SECTION 10: Stability and reactivity

10.1. Reactivity	Not available.
10.2. Chemical stability	Stable under recommended storage conditions.
10.3. Possibility of hazardous reactions	Will not occur.
10.4. Conditions to avoid	Not available.
10.5. Incompatible materials	Incompatible with strong bases and oxidizing agents.
10.6. Hazardous decomposition products	Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons.

SECTION 11: Toxicological information

General information	Not available.	
Information on likely routes of	fexposure	
Inhalation	Under normal conditions of intended use, this material is not expected to be an inhalation hazard.	
Skin contact	Contact with skin may result in mild irritation.	
Eye contact	Contact with eyes may result in mild irritation.	
Ingestion	Health injuries are not known or expected under normal use.	
Symptoms	Not available.	
11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008		
Acute toxicity	Based on available data, the classification criteria are not met.	

Components	Species	Test Results
1,2-Benzisothiazolin-3-one (Benzis	othiazolinone) (CAS 2634-33-5	5)
Acute		
Dermal	D /	
LD50	Rat	> 2000 mg/kg (OECD 402)
Oral LD50	Mouse	1150 mg/kg
EDS0		
	Rat	1020 mg/kg
		670 mg/kg (OECD 401)
2-Methyl-2h-isothiazol-3-one (Meth	iyiisothiazolinone) (CAS 2682-2	20-4)
<u>Acute</u> Dermal		
LD50	Rat	242 mg/kg (OECD 402)
Inhalation		
LC50	Rat	0.11 mg/l, 4 h (OECD 403)
Oral		
LD50	Rat	120 mg/kg
Skin corrosion/irritation	Based on available data, the	classification criteria are not met.
Irritation Corrosion - Ski		
	one (Methylisothiazolinone)	Corrosive, rabbit (OECD 404)
1,2-Benzisothiazolin-3-on Serious eye damage/eye	Not classified as an irritant ac	Irritating (4 h, rabbit)
irritation		
Eye	o (Donzioothiozolinono)	Causaa aariaya aya damaga (rabbit)
1,2-Benzisothiazolin-3-on 2-Methyl-2h-isothiazol-3-o	one (Methylisothiazolinone)	Causes serious eye damage (rabbit) Corrosive, based on OECD 404 results
Respiratory sensitization	,	classification criteria are not met.
Skin sensitization	May cause sensitization by sl	kin contact.
Skin sensitization		
1,2-Benzisothiazolin-3-ono 2-Methyl-2h-isothiazol-3-o	e (Benzisothiazolinone) one (Methylisothiazolinone)	Causes sensitization (Guinea pig, OECD 406) Sensitzing, mice (OECD 429), Sensitzing, guinea pigs (OECD 406)
Germ cell mutagenicity	Based on available data, the	classification criteria are not met.
Carcinogenicity	Based on available data, the classification criteria are not met. Carbon black is classified as a carcinogen by the IARC (possibly carcinogenic to humans, Group 2B) and by the State of California under Proposition 65. In their evaluations of carbon black, both organizations indicate that exposure to carbon black, per se, does not occur when it remains bound within a product matrix, specifically, rubber, ink, or paint. None of the other ingredients in this preparation are classified as carcinogens according to ACGIH, EU, IARC, MAK, NTP or OSHA. None of the ingredients have been classified as carcinogens according to EU, IARC, MAK, NTP, OSHA or ACGIH.	
Reproductive toxicity	Based on available data, the	classification criteria are not met.
Specific target organ toxicity - single exposure	Based on available data, the classification criteria are not met.	
Specific target organ toxicity - repeated exposure	Based on available data, the classification criteria are not met.	
Aspiration hazard	Based on available data, the classification criteria are not met.	
Mixture versus substance information	Not available.	
11.2. Information on other hazard	ds	
Endocrine disrupting properties	(Toxicity): This mixture does not contain known components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels above possible trace contaminate levels.	
Other information	Complete toxicity data are not available for this specific formulation Refer to Section 2 for potential health effects and Section 4 for first aid measures.	

SECTION 12: Ecological information

12.1. Toxicity

Aquatic toxicity	No information available.

	06, REACH Annex XVII Substances subject to restriction on marketing and use as amended	
Not listed.	e protection of workers from the risks related to exposure to carcinogens and mutagens at	
Not listed.		
Other EU regulations		
-	or accident hazards involving dangerous substances, as amended	
1,2-Benzisothiazolin-3-on	e (Benzisothiazolinone) (CAS 2634-33-5) one (Methylisothiazolinone) (CAS 2682-20-4)	
Other regulations	HP complies with chemical regulatory requirements in chemical substance notification laws, where applicable. All chemical substances are notified or exempt from notification or listed in the inventory as existing substances in the following countries: US (TSCA), Canada (DSL/NDSL), Australia (AICIS), Japan (ISHL, ENCS), Philippines (PICCS), New Zealand (NZIoC) and China (IECSC). For guidance on importation and/or additional requirements for registration schemes such as EAEU, EU, South Korea, Turkey, UK, India and Taiwan, please contact the Sustainability and Compliance Center (sustainability@hp.com).	
Other information	This Safety Data Sheet complies with the requirements of Regulation (EU) 2015/830. Classification according to Regulation (EC) No 1272/2008 as amended.	
	Specific Provisions: Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC (in the amended version OJ L 396 from 29.05.2007 page 3 with further rectifications and amendments).	
National regulations	Not available.	
Water hazard class		
AwSV	WGK1	
15.2. Chemical safety assessment	See attached SUMI or GEIS document, if applicable.	
SECTION 16: Other inform	nation	
References	Regulation (EC) No. 1907/2006 of December 18, 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) and establishing a European Chemicals Agency (REACH).	
	Regulation (EC) No. 1272/2008 of December 16, 2008 on classification, labeling and packaging of substances and mixtures, and amendments (CLP).	
	The information in this document is based on the present state of our knowledge, including but not limited to the data present in the registrations of the ingredients, it does not purport to be all-inclusive and shall be used only as a guide.	
	This Safety Data Sheet is in compliance with Commission Regulation (EU) 2020/878 of 18 June 2020 amending REACH Annex II.	
Information on evaluation method leading to the classification of mixture	The classification for health and environmental hazards is derived by a combination of calculation methods and test data, if available.	
Full text of any statements, which are not written out in full under sections 2 to 15	H301 Toxic if swallowed. H302 Harmful if swallowed.	

Revision information Training information Disclaimer H311 Toxic in contact with skin. H314 Causes severe skin burns and eye damage.

H315 Causes severe skin burns

H317 May cause an allergic skin reaction.

H318 Causes serious eye damage.

H330 Fatal if inhaled.

H400 Very toxic to aquatic life.

H410 Very toxic to aquatic life with long lasting effects.

H411 Toxic to aquatic life with long lasting effects.

3. Composition / Information on Ingredients: Disclosure Overrides

Follow training instructions when handling this material.

This Safety Data Sheet document is provided without charge to customers of HP. Data is the most current known to HP at the time of preparation of this document and is believed to be accurate. It should not be construed as guaranteeing specific properties of the products as described or suitability for a particular application. This document was prepared to the requirements of the jurisdiction specified in Section 1 above and may not meet regulatory requirements in other countries.

This safety data sheet is meant to convey information about HP inks (toners) provided in HP Original ink (toner) supplies. If our Safety Data Sheet has been provided to you with a refilled, remanufactured, compatible or other non-HP Original supply please be aware that the information contained herein was not meant to convey information about such products and there could be considerable differences from information in this document and the safety information for the product you purchased. Please contact the seller of the refilled, remanufactured or compatible supplies for applicable information, including information on personal protective equipment, exposure risks and safe handling guidance. HP does not accept refilled, remanufactured or compatible supplies in our recycling programs.

Safe Use of Mixtures Information (SUMI)

--Water Based Ink: WB02 *English*

Disclaimer

This SUMI is a generic document for communicating conditions of safe use of a product in response to the REACH obligation. This document relates only to conditions of safe use and is not specific to a product. By adding this SUMI to a specific product Safety Data Sheet (SDS), the importer/formulator declares that the mixture can safely be used following the instructions below. Following occupational health legislation, the employer of workers remains responsible for communicating relevant use information to employees. When developing workplace instructions for employees, SUMI Sheets should always be considered in combination with the SDS and the label of the product. Derived No Effect Levels (DNEL) and Predicted No Effect Concentration (PNEC) values of substances derived from the Chemical Safety Assessment (CSA) will be given in section 8 of the SDS. The REACH registration numbers, where applicable, complete an extended product SDS.

SDS.	SDS.			
Operational conditions				
Maximum duration	Up to 8 hours per day.			
Frequency of exposure	< 240 days per year.			
Physical state	Liquid.			
Process conditions	Covers use at ambient temperatures.			
	Provide a good standard of controlled ventilation (10 to 15 air changes per hour).			
	Avoid direct contact.			
	Regular cleaning of equipment and work area.			
	Supervision in place to check that Risk Management Measure	es (RMM's) in place are being correctly used and Operational		
	Conditions (OC's) followed.			
Pick management measures				
Risk management measures	Wear safety glasses with side shields (or gazdes) if salashing			
Conditions and measures related to	Wear safety glasses with side shields (or goggles), if splashing			
Personal Protection Equipment	Wear appropriate chemical resistent gloves: see section 8 of	the SDS.		
(PPE), hygiene and health	Wear appropriate chemical resistent clothing.			
evaluation	In case of inadequate ventilation wear respiratory protection			
	Eye wash station and emergency showers are recommended			
	Avoid breathing mist/vapours.			
	Avoid contact with skin, eyes and clothing.			
	Training of workers in relation to proper use and maintenanc	e of all Personal protection equipment (PPE) must be ensured.		
		23		
Good practice advice				
Use personal protective equipment as	•			
Wash hands before breaks and after v				
Keep good industrial hygiene and safe	ty practice.			
Use only with adequate ventilation.				
Do no eat, drink or smoke when using	this product.			
Wash contaminated clothing before r	euse.			
Store at room temperature.				
Environmental measures				
Do not allow this material to drain int	o sewers/water supplies			
	o Local, State, Federal and Provincial Environmental Regulatio	nc		
		nis.		
	propriately licenced waste contractor.			
Use descriptors				
IS-Use at industrial sites.				
PW-Widespread use by professional v				
SU7-Printing and reproduction media.				
PC18-Inks and Toners.				
PROC3- Manufacture or formulation in the chemical industry in closed batch processes with occasional controlled exposure or processes with equivalent				
containment condition.				
PROC8a-Transfer of substance or mixture (charging and discharging) at non-dedicated facilities.				
PROC8b-Transfer of substance or mixture (charging and discharging) at dedicated facilities.				
PROC28 - Manual maintenance (cleaning and repair) of machinery.				
ERC5-Use at industrial site leading to inclusion into/onto article.				
ERC8c-Widespread use leading to inclusion into/onto article (indoor).				
Additional information on product composition				
In section 2 of the SDS as well as on the label, the classification of the mixture is provided.				
Most of the water based inks are "not classified".				
All ingredients contributing to the classification are stated in Section 3 of the SDS.				
	Relevant limit values of ingredients on which the exposure assessment is based, are listed in section 8 of the SDS.			
		ו ס טו נווע געט.		
	ngredients that may cause allergic reaction to certain people.			
Section 2 of the SDS states these ingre	edients where applicable.
